Sorry! Can we do that first thing Monday morning? Michael has signed off, and I didn't review that interview myself so will need Michael to describe his assessment of that.

I was hoping you all could put a draft of version for that in the memo since you all probably see how it best aligns.

Yes put in search methodology, we can take it out if John doesn't want it in there. Keep it "Enforcement Confidential".

Hi, Keith. I am reviewing the draft Memo now and one of my comments is for us to add a description of our search methodology, which I think is important. I had also marked it as "Enforcement Confidential" but do you want us to remove that?

Can't think of any specific memo off hand and I'm getting ready to hike down Dipsea to my son's baseball game. Any generic memo is fine.

We can talk tomorrow.

Do you have an EPA memo template (or a draft memo I could edit) in Word format that I could use for this?

Thanks John,

I'm on it. Got three (3) emails from you including the one below. Once I digest I'll get back with questions to either you or Andrew.

Should I report directly to Andrew with my preliminary findings/questions and copy Loren and yourself? I can remove you and Loren off the emails until I have a more formal assessment per our discussion this afternoon. I'll target a preliminary assessment to **start** and "perfect the narrative" by late next week.

What is the SSID and OU for this? I'll ask Anabel to load in my PPL.
